Presentation Description	Courageous Police Leadership is a signature course designed to provide law enforcement professionals with the tools needed to thrive in their careers. While there are more resources and training for leadership than at any time in our history, there remains a serious void in how that knowledge translates to practice. Courageous Police Leadership will push

	attendees to adopt a principle-based approach to every decision, regardless of politics or controversy. This course is unlike anything you have ever taken before, and we promise that it is not only a leadership seminar but an overall experience that can change everything you thought you knew about police leadership. Sheriff Mark Lamb had this to say about the seminar: "I have put into practice the principles you teach in your training and your book "Courageous Leadership." We appreciate you spending time with the PCSO family. God Bless Brother!"
